### CHRISTINE'S RECIPE.

To compliment apples – or any other dessert – crush with a rolling pin, 8oz digestive biscuits. Melt 3oz butter in a non-stick sauté pan, pour in crumbs and stir round to coat the crumbs. Add 3 Tbs Demerara sugar and keep stirring and turning for about ten minutes on a high heat. The colour gradually changes – by keeping it on the move it won't burn. Take off the heat when it is a nutty brown. Cool. Store in a screw top jar, it keeps 'forever'. Use sprinkled lightly over ice cream, apples, sliced banana and Greek yoghurt, as a base for a cheesecake or layered with apples to make apple cake.

**From Patricia Grey with the results of her health insurance survey.:**

Well, as has been pointed out to me on a number of occasions, a health insurance survey is a tricky subject – full of pitfalls. I thought the best way to go about a comparison was to have a satisfaction index – but this obviously very much depends on the state of your health and the number and gravity of your claims. One respondent had been with his insurer 30 years, was very happy, and had never had a claim! We should all be so lucky. I might add that health insurance is the one item I can think of from which you don't want to get your money's worth!

The top four insurers based in Andorra were

1. Beta Assegurances (who are apparently brokers).
2. Generali – with the caveat that hospital and specialist costs outside of Andorra are limited to Andorran costs.
3. DKV – (no negative comments)
4. Assegur (no negative comments)

Credit Andorra had a mixed response. The main complaint being a lack of coverage outside of Andorra. It does however, provide a separate policy to cover the Dept. Immigration requirements.

The top rated insurers outside Andorra were

1. Global UK (William Russel Brokers)
2. Aviva International (formally Norwich Union)
3. AXA PPP
4. BUPA

Zilverenkruis Achmea, Nederlands was rated highly, but because this policy came as part of a salaried position, I did not include it. Expacare was also rated quite highly, but the respondent did not judge all criteria.

The sample was small. Only 22 replies.

Some comments...

I was advised that AXA Spain sends the Andorran Hospital a short, but acceptable letter regarding covering expenses – but that AXA UK's letter is less than adequate, which can cause delays, so not a bad idea to get AXA UK to send their letter via AXA, Spain.

The hospital also no longer accepts payment direct from BUPA, so the patient has to apply to be reimbursed – sometimes with a delay of up to 6 months.

Thanks to all the people who replied. Obviously the more who reply, the better the information – so until next time....
